The Conference of Irish Nationalists will be held on the 7th of October. The sessions will be private. Towards the end of the year there will be a great Irish National Convention to review the position and condition of the country. Delegates to the Convention will be elected by the people.

A scheme has been proposed by Davitt for the formation of a gigantic organization whose leading objects shall be the improvement of the condition of the working classes, and the promotion of emigration by obtaining profitable employment for labourers and evicted tenants. The scheme will be discussed at the Convention of Irish Nationalists. Parnell has refused to sanction the project, on the ground that the formation of such an organization would be impossible under the existing Coercion Act. Dillon, Brennan, and Kettle desire the dissolution of the scheme.

THE POWERS AND THE EGYPTIAN QUESTION.

LONDON, 28th September.

Russia is arming in Egypt, and is said to be preparing to put in a demand for the withdrawal of the Sultan. Whether she will or not, she will certainly endeavor to get another slice out of the Sultan's dominions by way of compensation for any gains England may make or be supposed to have made in Egypt. Italy is also determined not to be left out in the cold if she can help it diplomatically or otherwise.

Gambetta's organ in Paris is the organ of the joint section, in the affair of Egypt, which is unclassified. At present, however, the British Government does not seem disposed to consent to any such proposition. The old control is believed to have had a great share in producing Anti and the National party in Egypt, and consequently to have led to the war.
